

Telstra Broadcast Services
Take your content global

Broadcast Operations

TELSTRA 

Reach your viewers on a trusted global network backed by an expert broadcast team.

Trust your network

As the chosen partner of the world's leading broadcasters, Telstra Broadcast Operations delivers millions of hours of content a year to viewers all over the world. It's all managed from our state-of-the-art Broadcast Operations Centre.

Broadcast confidently

Our Broadcast Operations Centre and our Master Control Rooms around the world elevates broadcast and live streaming to a securely managed end-to-end service. Combining traditional technology with the latest in IP systems, we deliver your content seamlessly with 24/7 monitoring and management keeping everything on track.

Make smarter business decisions

In a fast-paced media environment, we can help to give you the edge. You'll be better informed with access to greatly enhanced automated monitoring and reporting on service delivery, in real time.

Key capabilities

Telstra Broadcast Operations Centre

This state-of-the-art facility manages over 400 satellite, media and data services for Australian and international customers, including leading global media companies. Three million permanent channel hours and 20,000 ad hoc event bookings pass through the BOC every year.

24/7 support

Around the clock, we monitor and manage all content that comes into our Broadcast Operations Centre to give you confidence that your broadcast will reach your audience as planned. Our bookings, operations and engineering teams are all available 24/7 to support your business.

Flexible, scalable solutions

We offer a wide range of broadcast services to meet your business requirements, including Permanent and Ad-Hoc services for Contribution, Distribution, Broadcast and Over-The-Top (OTT) content, Remote Hosting, LiveU Rental, Service Restoration and 24/7 support for bookings and activations.

The Telstra advantage

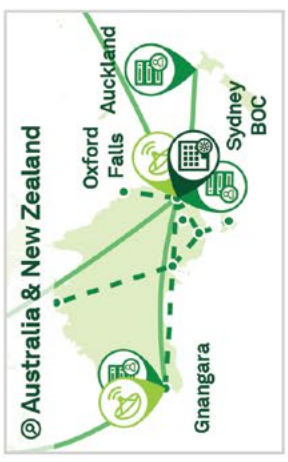

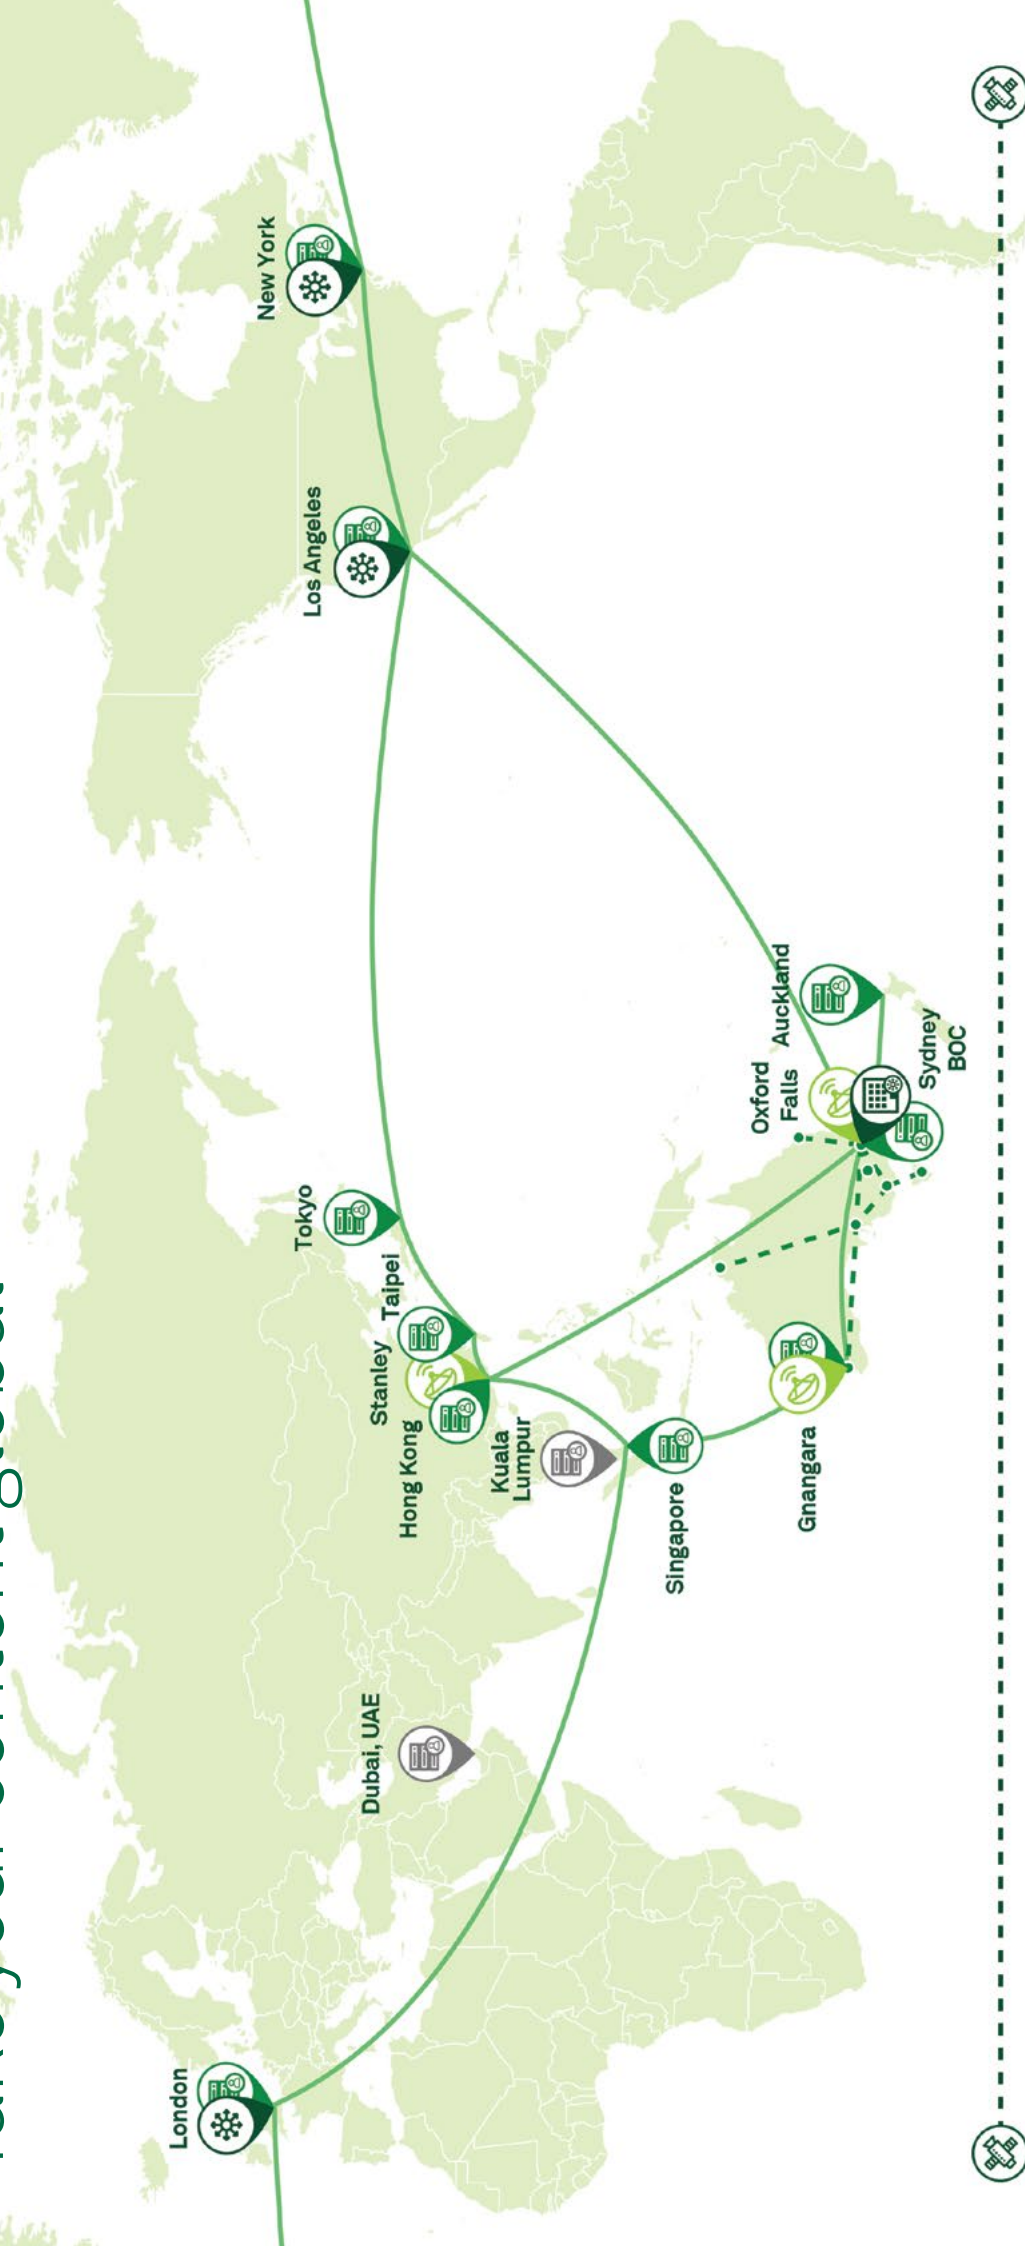

Telstra is a leading technology company offering a wide range of services globally. We bring innovative technology, capability and talent from around the world to enable our customers to thrive in a connected world. Telstra's heritage is proudly Australian, but we have a longstanding international business with a focus on the Asia-Pacific region. Telstra Broadcast Services brings to our customers a dedicated team of media industry professionals, high performance media networks, online video and cloud platforms, world class satellite services, and 24/7 bookings, operations and engineering support.

At Telstra Broadcast Services we're available 24/7 – talk to us.
